Mr. Brad Rawson

Director – Transportation Department

City Hall – 81 Highland Avenue

Somerville, MA 02143

Dear Mr. Rawson:

My name is Mary T. Shanan and I live at 25 Highland Avenue, housing for the elderly and disabled. It has come to my attention that the City of Somerville has a plan to eliminate many parking spots on Highland Avenue. As it is right now, parking in this area is very limited. Street parking is extremely important for this building, as several residents receive regular visits from doctors, nurses, therapists, homemakers, as well as their relatives. We recently lost a number of parking spots on Walnut Street. As the head of Mobility and Transportation, it is crucial you save every parking spot! There needs to be easy access to parking for the health and well being of myself and fellow residents, we need every single parking spot to remain.

It's been stated that City Officials would like to see about half of all parking spots removed. That is extremely unfair for us elderly people who rely on outside services to survive!

Any loss of parking, will be a hardship for myself and the other residents of this building. Please save easy access to parking!

Yours truly

The Honorable Katjana Ballantyne

Mayor Elect

City Hall – 81 Highland Avenue

Somerville, MA 02143

Dear Mayor-Elect Ballantyne:

Mary T. Shuman

My name is _____ and I live at 25 Highland Avenue, housing for the elderly and disabled. It has come to my attention that the City of Somerville has a plan to eliminate many parking spots on Highland Avenue. As it is right now, parking in this area is very limited.
