PETITION TO: Somerville Traffic Board, C/O City Clerk, 93 Highland Avenue, Somerville MA 02143

12/14/2021

We the undersigned registered voters of the City of Somerville hereby petition the Somerville Traffic Board to conduct a Public Hearing regarding the Somerville Traffic Commission November 18, 2021 actions making parking regulation changes to Highland Ave to create designated parking for Somerville High school and City Hall staff, and metered parking in front of the Central library (Agenda Items 5 a-d, item #6).

There was: 1) inadequate notice of the meeting to people most affected; 2) previous proposals to address elimination of parking due to high school construction (as early as 8/2019) did not include designated teacher/staff parking in residential spots as a solution; 3) Only 2 residents were part of the working group responding to the pilot proposal despite hundreds of people being affected; 4) the 7am start time of designated teacher/staff parking spots is incompatible with morning turnover (residents have not left when teachers arrive); 5) there was insufficient time to let the alternative parking proposals suggested to the public in August 2019 play out such as blue bikes, public transit, satellite parking lots.

We believe neighborhood residents, who vote, pay taxes, patronize businesses, and call Highland Ave and surrounding streets their home will be harmed by severely limited parking. The city is creating even more inequality by restricting parking and making it harder for people to go to work. Somerville's general welfare will be harmed by the Commission's actions.
