EQUITY & INCLUSION CONVERSATION SERIES

Please join us for the next conversation in our continuing *Equity and Inclusion Conversation Series*, this one focused on LGBTQ issues.

Hosted by Betsy Allen, Manager of Diversity, Equity & Inclusion for the City of Somerville, Department of Health and Human Services

Moderators/Facilitators:

- Devan Foster, Member of the Somerville Human Rights Commission
- Kaisy Rosario, City of Somerville's LGBTQ Liaison
- Jonathan Aguilar, Somerville Teen Empowerment
- Courtney O'Keefe, Former Member of the Somerville Board of Aldermen

Since the conclusion of this extraordinary election season, we've heard from a number of residents in our LGBTQ community of the widespread fear, concern and, at times, intimidation that they are experiencing. This event is intended to raise awareness of the issues, to outline support services, to discuss strategies for moving forward and, even more importantly, in these times of uncertainty, to continue to foster a sense of unity and solidarity with every resident in the City of Somerville.
