Ward 2 Alderman

Robert McWatters

Ward 3 Alderman

Union Square Utility and Streetscape Improvements Study and Design

You're invited to join the Mayor's Office of Strategic Planning and Community Development for this continuing series of events that will plan for future utility and roadway improvements for Union Square.

This meeting will provide an update on traffic studies and analyses that will be the basis for design concepts for transportation and streetscape improvements within the public realm of Union Square. It will include a recap of the community event with Team Better Block last May. Discussion will focus on planning for future improvements in Union Square.

Come share your ideas!

Monday, October 20, 2014
Argenziano School
290 Washington Street
Somerville, MA

Free and Open to the Public – Spanish and Portugese interpretation will be provided.
