(AL20-000006)

**Chairman Lynch requests a status determination or a follow up**  
**From the February 10, 2020 Licensing Commission Meeting on the following items:**

*Commissioner Allen has asked how many times we can carryover (continue to the next meeting) agenda items. Chairman Lynch suggests we should carryover agenda items for 2 months. The Secretary stated we have been continuing no show applications indefinitely. Chairman Lynch requests the Secretary send this to the Law Department, stating the applicant is not responding to the commission's request to attend the meeting for a determination on this matter.*

***The Secretary sent this matter to the Law Department on 2/27/20***

*Commissioner Allen has asked for an inquiry of establishments that have closed and not notified the commission, and that he considers these licensees not to be in good standing. Chairman Lynch asked the Secretary if these establishments have been notified that they need to notify the commission of their closure. The secretary stated that when she becomes aware of an establishment closure, without the commission being notified, she does contact the licensee. Chairman Lynch has requested a list of all Business Licenses that the City knows has closed, but have not returned their licenses pertaining to All the Alcohol Licenses and Common Victualler Licenses.*

***The Secretary reports one establishment closed for renovations. She received a telephone call on 3/9/20 inquiring about this license. A notice was sent to the business requesting a workers compensation insurance coverage selections page or insurance affidavit. The gentleman said he came in and explained they were closed (he spoke to someone in the department, not the secretary), and explained they would be closed for approx.. 2 years for renovations. The secretary instructed him to submit this in writing to the Licensing Commission. She also explained that he may need to appear at a meeting to explain this matter.***

*Lt. MacLaughlan brought up a concern about an emergency situation that may arise in the Recreational Marijuana Establishments and how the Fire Department would be able to access the building. Chairman Lynch stated that if additional questions come up after the hearing, this is fine, as long as it is entered into the record. Lt. MacLaughlan will bring this matter up at the next meeting for the application. Chairman Lynch requested any documentation should be submitted to the secretary, and that the commission needs to be made aware of this.*

***The secretary has not received any additional information or documentation at this time.***
