1. Minutes of August 19, 2019 Meeting

**Communication sent from The City Council, by John Long to The Commission**

Communication sent from the City Council, by City Clerk John Long pertaining to Resolution #208906, requesting The Licensing Commission investigate over serving of alcohol to inebriated customers from liquor stores along East Broadway and propose solutions to address overserving and littering

*Chairman Lynch states there are multiple entities within the City that can address any kind of complaints. In order to address this matter fully, the commission has referred this communication to Sgt. Warren Chaille of the Police Department and also requests at the October meeting, or sooner, that Sgt. Chaille report back to the commission all infractions, arrests and calls for assistance concerning inebriated customers along East Broadway and the License holders that may or may not have been spoken to*

## Communications

2. Commissioner Allen proposes a discussion and the adoption of the rough draft of the Standing Rules submitted by City Clerk John Long at the Somerville Licensing Commission Meeting on 4/8/19. This will be used as a starting point. Additions and finalized language will be discussed

*Commissioner Allen to City Clerk John Long's proposal, a public comment time limit. 1.10 from the city charter, this over rules Roberts Rules. 1.20 No issues 1.30 No issues. 2.10 No issues 2.20 No issues 2.30 No Issues 2.40 No issues 3.10 Chairman Lynch would like to change the name of Marijuana licenses to reflect what the application terminology is Adult Use, Recreational Use or Cannabis Use, and would like to wait to see the term in the applications. Commissioner Allen would like to move amendments pertaining to ownership before the Special Alcohol Licenses. Further consideration on this matter will be conducted. 3.20 The Commission decided to strike this (3.20) and use Roberts Rules. 4.10 No issues 5.10 No Issues 5.20 No Issues 6.10 No Issues 7.10 No Issues 7.20 No Issues. Commissioner Lynch stated Order of Business (3.00) needs additional work.*

*This item has been continued.*

- 2a. Commissioner Allen to propose Marijuana Policies and Procedures including a discussion of the proposed rules. A vote will be taken on this proposal to implement the adoption of these Policies and Procedures

*Chairman Lynch has requested Alex Melo of OHCD and MAC to appear on this matter. Commissioner Allen discussed setting hours of operation and believes that the state rules will be more active in enforcement than the commission most likely would be. He states he is happy to let the state's enforcement handle things he would have added. Going forward we can expand these rules. He indicated, Alex Melo has provided very firm language pertaining to ownership structure to ensure the person who owns the business, is the person controlling the establishment. Chairman Lynch had a question and states this matter is also in the Law Department hands as well. If an empowerment applicant is approved and the business closes, how does the city's legislation effect the balance of empowerment applicants and non-empowerment applicants, and has the CCC weighed in on this matter? Alex Melo stated that the CCC has not weighed in on this matter and it is a local issue as they see it. He believes the Licensing Commission would need to make a decision to pull one of the B Group licenses if this happens, or whether the City Ordinance should be updated to provide clarity. Commissioner McKenna questioned what if there are multiple violations of a licensee, and the penalty is a loss of licensure? The ordinance would not cover this issue. Alex Melo stated that he believes these are things that need to be looked at in the*

*wording of the ordinance, and may require additional simple sentences to address this matter. Commission McKenna doesn't feel it would be fair to take away licensure from a business already approved due to the City Ordinance, through no fault of their own.*

*Chairman Lynch will request that the City Council address this through the legislation. Alex Melo stated he would be happy to work on this. Commissioner Allen suggested if this legislation is revised and amended, a discussion of simultaneously addressing multiple agenda items needing to be taken in a particular order or the order in which the commissions handles items having an impact on whether the items are approved or not.*

*Chairman Lynch asked Alex Melo to communicate to Mr. Proakis that the commission will be sending a request to him and this will also be sent to Councilor Ballantyne as this is the legislation side of the matter.*

*Alex Melo states the recommendations from the MAC may be in time for the October Licensing Commission Meeting*

*Commissioner Allen asked if the commission will receive the information provided to the mayor, for both recommended and not recommended applications. Alex Melo stated there will be a report that summarizes from the 1<sup>st</sup> round of MAC reviewed applications. The commission may only receive those that were offered the Host Agreement. All the applications are considered a public record, but they contain personal information that would need to be redacted if they were to be shared outside the MAC, both recommend and non-recommended applications. He would need to look at how this sensitive information should be handled. The Law Department would oversee what would need to be redacted.*

*Commissioner McKenna asked about #3 on the submission of 5.04 Additional Rules for Marijuana Establishments: Structural Change, and does this need to be voted on or is this an advisory? Chairman Lynch stated while these rules are under discussion, the language can be tightened up. A discussion followed about whether the Licensing Commission would need to approve Structural Changes. Procedures are in place to require various departments' approval. Commissioner McKenna feels that this item should be voided out. Chairman Lynch stated this requires more discussion. He asked if the CCC requires notification of structural changes. Alex wasn't sure, but would be surprised if they don't and that they are very strict. Chairman Lynch feels we need the answer to this question before striking it. He also stated we have additional questions to be sent in writing to Mr. Proakis, Alex Melo and the Law Dept.*

*This item has been continued*

- 2b. Chairman Lynch to propose Late Fees for Special Alcohol Applications and Late License Renewals

*Chairman is acceptable. A discussion followed as to how much the fees should be and the extra work late applications creates. The Commission has instructed the secretary to refer this matter to the City Clerk, the secretary and the Law Department for a suggested schedule of late fees.*

*This item has been continued for the October and/or November Meeting, to be instituted 1/1/2020*

3. Mr. Grover Taylor has been notified to appear before the commission to discuss the closure of his restaurant Eat at Jumbo's Inc. d/b/a Sassafra located at 688 Broadway and his intentions with his license

*Mr. Grover Taylor, 4 State St., Wilmington, MA appeared on this matter. He has been dealing with some personal issues. He discussed 2 options, the 1<sup>st</sup> option is to sell his lease to Advesa if the MAC approves the Recreational Marijuana license. The 2<sup>nd</sup> option would be to reopen his restaurant under a new d/b/a and menu, after the Ball Sq. Bridge reopens. He states he is current on all his permits, licenses, insurance and rent.*

*Chairman Lynch suggested the City Solicitor send an email to Mr. Taylor of the consequence of signing the Affidavit of zero hours (and that this does not take away his license). Mr. Taylor would need to come back to the commission to reinstate his hours of operation if he intends to reopen the restaurant.*

*Commissioner McKenna requests a copy of the email from the City Solicitor pertaining to this matter.*

*The commission instructed Mr. Taylor to provide an Affidavit to reduce his hours to zero. This signed document should be submitted within the month.*

*The commission has approved this request with the above document.*
