Central Hill Campus Parking

Public Meeting June 20, 2018

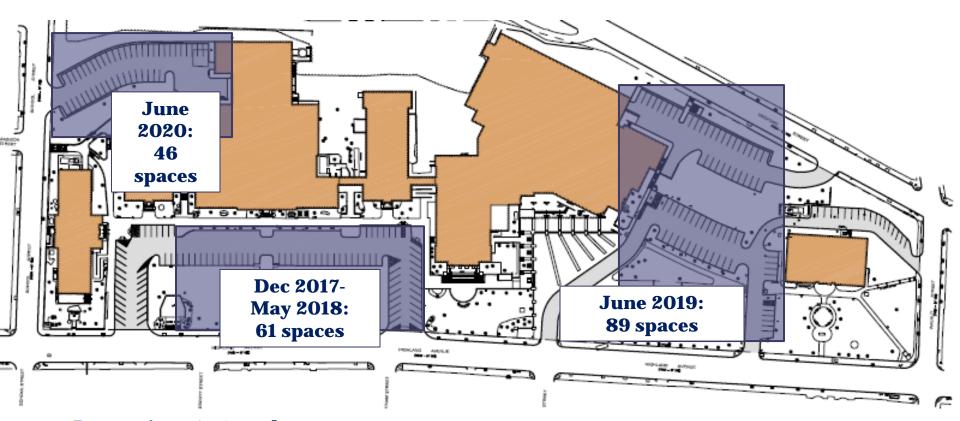

Presented by:
Mike Tremblay
Senior Transportation Planner
Transportation & Infrastructure - OSPCD

Agenda

- Review of project timeline
- Preview of 2018 Parking Study data
 - Existing supply
 - Methodology
 - Occupancy
 - Rapid collection
 - Snow
 - Next steps
- Off-site Lot Considerations
- Resident Survey
- Question and Answer

Changes to Central Hill over 3-year Period: Timing & Amount of Parking Loss

Pre-project: 245 total spaces Post-project: ~85 total spaces

Study Area- Street Sweeping Zones

Study Area- Parking Regulations

What data was collected?

- Two "typical" Tuesdays (no street sweeping)
- One day during each street sweeping period (arterials, Zone 1, Zone 2)
- Nighttime periods during "light" and "significant" nighttime activity on campus
 - "Heavy" nighttime event to be collected in September
- "Rapid collection" every half hour on key study area streets
- Spot counts 1-4 days after snowstorms in January/March

Existing Supply Inventory

- Length of legal on-street parking curb measured between each exclusion:
 - No Parking regulations
 - MBTA bus stops
 - Fire hydrants
 - Driveways
 - Crosswalks
 - Intersections
 - Bridges
- 18 feet per parking space, with a minimum of 15 feet for single spaces

Existing Supply Inventory

Exclusions:

- Within 2 feet of a driveway
- Within 10 feet of a fire hydrant
- Within 10 feet of a crosswalk
- Within 20 feet of an intersection

Illegal parking along Pearl Street.

Existing Supply Inventory

| p.m. | 64% | 75% | - | 68% | 78% | 67% |

This data was taken:

- On days unaffected by street sweeping
- Before the school year ended for seniors
 - Last day was May 25
- Varied nighttime activity
 - Tuesday May 22 Highlander Awards Night and BoA Finance Committee Meeting
 - Thursday May 24 Evening of Song and BoA Regular Meeting

Occupancy on Monday May 14, AM Peak

| Madison Street (47 spaces) | 41 (87%) | 32 (68%) | 46 (98%) |

Rapid Collection- Monday, May 14 (7:30a.m.)

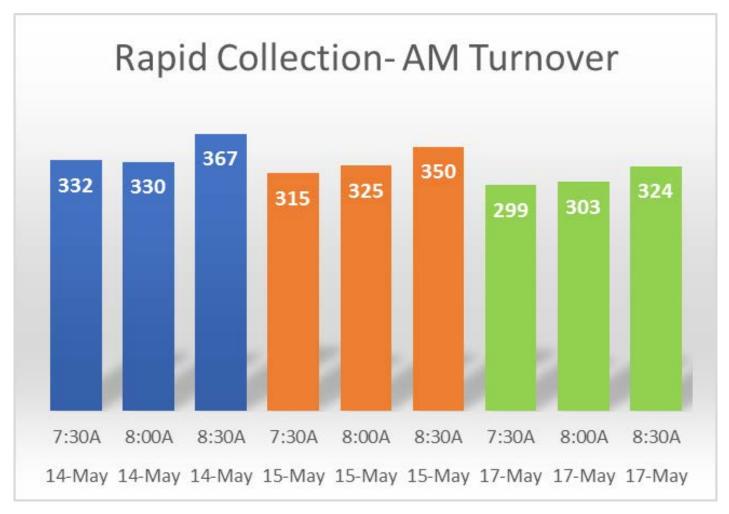

Rapid Collection- Monday, May 14 (8:00a.m.)

Rapid Collection- Monday, May 14 (8:30a.m.)

Rapid Collection- AM (Study Area)

Next Steps

Finish analyzing data

- Street sweeping days
- Comparison to 2017 study data

Collect additional data

- Survey of residents
- Survey of City and School staff upcoming
- Parking counts during major SHS event Parent-Teacher night in September
- More complete parking counts after snow event

Potential Parking Demand Management strategies

- Subsidized MBTA passes
- Provide Hubway passes
- Carpool ride matching and incentives
- Additional City vehicles for staff use
- Shuttle from MBTA stations
- Provide parking "stipend"

- Carpool spaces
- Provide showers/lockers
- Manage staff arrival/departure times
- Zone residential parking in vicinity of campus/future
 Gilman Square station
- Encourage Work from Home

Potential Parking Supply strategies

- Acquire parking lots/ land for parking lots within walking distance
- Satellite lots
- Shuttle services
- Allow employees to park along 80 and 88 bus routes
- Further manage parking zones to accommodate employees who can't walk long distances
- Revisit street sweeping zones/frequency

Off-site lot considerations

Homan's Building

- o 750 feet from existing School Street lot
- Most of site to be used by GLX
- Potentially ~20 spaces
- o Potentially available this summer
- Temporary Available until GLX done

Other lots

- Considering RFP to explore potential lease or purchase of off-site lots
 - Competitive process required unless spaces are free to the city
- Some lots may not be possible due to zoning
- Design Consultants lot, Hamlet Street, ABJ Auto all mentioned as possibilities
- Some sites may be

Resident Survey

Resident survey live at somervillema.gov/shsparking

Survey intended to discover resident parking patterns and satisfaction with level of availability of on-street parking

Printed versions available at City Hall

Spanish, Portuguese, and Haitian Creole versions available

Discussion

Occupancy by Permit Type (method)

Engineers + Planners

Vehicle permits tallied for each block

Time Periods

- 6:00-7:30AM
- 9:00AM-12:00PM
- 6:30-8:00PM

Days

- Tuesday, May 8
- Monday, May 14
- Tuesday, May 15 (no PM)
- Thursday, May 17 (PM only)

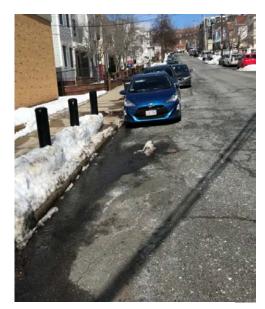

Snow Parking Capacity

Winter 2018 Spot Counts

- Primary purpose to estimate approximate reduction in usable spaces due to snow
- Spot study by City staff prior to full consultant study
- Would apply to the days before DPW is able to remove snow from parking lane
- Walnut, Vinal, Putnam, and Prescott

Snow Parking Capacity

Counted as a space

Not counted as a space

Counted as a space
