Case #: ZBA 2019-107
Date: November 20, 2019
Recommendation: Conditional approval

PLANNING STAFF REPORT

Site: 22 Henderson Street

Applicant / Owner Name: Steven Rangel
Applicant / Owner Address: 22 Henderson Street, Somerville, MA 02145
City Councilor: Mark Niedergang

Legal Notice: Applicant and Owner, Steven Rangel, seeks a special permit under SZO §4.4.1 to alter a nonconforming structure by construct two dormers. RB Zone. Ward 5.

Dates of Public Hearing: Zoning Board of Appeals – November 20, 2019

I. PROJECT DESCRIPTION

1. Subject Property: The subject property consists of one parcel totaling 1,797 square feet of land area. It contains a two-family, 2.5 story, gable end detached house.
2. Proposal: The proposal is to construct a shed dormer on each side of the ridge and flatten the roof of the enclosed front porch.
3. Green Building Practices: None listed on the application.
4. Comments:

City Councilor: Councilor Niedergang has been informed of this proposal and has yet to comment as of the publication of this report.

II. FINDINGS FOR SPECIAL PERMIT (SZO §4.4.1):

In order to grant a special permit, the SPGA must make certain findings and determinations as outlined in §5.1.4 of the SZO. This section of the report goes through §5.1.4 in detail.

1. Information Supplied:

The Staff finds that the information provided by the Applicant conforms to the requirements of §5.1.2 of the SZO and allows for a comprehensive analysis of the project with respect to the required Special Permits.

2. Compliance with Standards: *The Applicant must comply "with such criteria or standards as may be set forth in this Ordinance which refer to the granting of the requested special permit."*

The structure is currently nonconforming with respect to the following dimensional requirements: lot area, lot area per dwelling unit, landscaped area, floor area ratio (FAR), front yard setback, rear yard setback, left side yard setback, and street frontage.

The proposal will impact the nonconforming dimension of the left side yard setback. The current dimension is 3.2 feet and the proposal to construct a dormer on the left side of the ridge will maintain that same distance. The requirement in the district is eight feet for a 2.5 story structure. This alteration to a nonconforming structure requires the Applicant to obtain special permits under §4.4.1 of the Somerville Zoning Ordinance (SZO).

Section 4.4.1 states that “[l]awfully existing one-and two-family dwellings which are only used as residences, which are nonconforming with respect to dimensional requirements, may be enlarged, extended, renovated or altered by special permit granted by the SPGA in accordance with the procedures of Article 5.”

In considering a special permit under §4.4 of the SZO, Staff finds that the alterations proposed would not be substantially more detrimental to the neighborhood than the existing structure. The proposal allows for a modest increase in living space. The proposal has been designed with setbacks that minimally impact the neighbors and the requirements for number of dwelling units, ground coverage, building height, and right side yard setback will continue to be conforming to the requirements of the SZO.

3. Consistency with Purposes: *The Applicant has to ensure that the project "is consistent with (1) the general purposes of this Ordinance as set forth in Article 1, and (2) the purposes, provisions, and specific objectives applicable to the requested special permit which may be set forth elsewhere in this Ordinance, such as, but not limited to, those purposes at the beginning of the various Articles."*

The proposal is consistent with the general purposes of the Ordinance as set forth under §1.2, which includes, but is not limited to promote the health, safety, and welfare of the inhabitants of the City of Somerville; to protect health; to secure safety from fire, panic and other dangers; to provide adequate light and air; to conserve the value of land and buildings; to encourage the most appropriate use of land throughout the City; and to preserve and increase the amenities of the municipality.

The proposal is consistent with the purpose of the RB district, which is, “to establish and preserve medium density neighborhoods of one-, two- and three-family homes, free from other uses except those which are both compatible with and convenient to the residents of such districts.”

4. **Site and Area Compatibility:** *The Applicant has to ensure that the project "(i)s designed in a manner that is compatible with the characteristics of the built and unbuilt surrounding area, including land uses."*

Surrounding Neighborhood: The subject property is located on the east side of Henderson Street. It is a residential street south of Magoun Square that contains a mix of two, 2.5, and three story dwellings.

Impacts of Proposal (Design and Compatibility): The proposed dormers are designed and scaled appropriately to be compatible with the built and unbuilt surrounding area.

5. **Housing Impact:** Will not create adverse impacts on the stock of existing affordable housing.

6. **SomerVision Plan:** Complies with the applicable goals, policies and actions of the SomerVision plan, including the following, as appropriate: Preserve and enhance the character of Somerville’s neighborhoods.

III. RECOMMENDATION

Special Permit under §4.4.1

Based on the materials submitted by the Applicant, the above findings and subject to the following conditions, the Planning Staff recommends **CONDITIONAL APPROVAL** of the requested **SPECIAL PERMIT**.

The recommendation is based upon a technical analysis by Planning Staff of the application material based upon the required findings of the Somerville Zoning Ordinance, and is based only upon information submitted prior to the public hearing. This report may be revised or updated with new recommendations, findings and/or conditions based upon additional information provided to the Planning Staff during the public hearing process.

#	Condition	Timeframe for Compliance	Verified (initial)	Notes						
1	Approval is for the construction of two dormers. This approval is based upon the following application materials and the plans submitted by the Applicant:	BP/CO	ISD/Plng.							
	<table border="1"> <thead> <tr> <th>Date (Stamp Date)</th> <th>Submission</th> </tr> </thead> <tbody> <tr> <td>September 12, 2019</td> <td>Initial application submitted to the City Clerk’s Office</td> </tr> <tr> <td>November 5, 2019</td> <td>Modified plans submitted to OSPCD (1-7)</td> </tr> </tbody> </table>				Date (Stamp Date)	Submission	September 12, 2019	Initial application submitted to the City Clerk’s Office	November 5, 2019	Modified plans submitted to OSPCD (1-7)
	Date (Stamp Date)				Submission					
September 12, 2019	Initial application submitted to the City Clerk’s Office									
November 5, 2019	Modified plans submitted to OSPCD (1-7)									
Any changes to the approved elevations that are not <i>de minimis</i> must receive SPGA approval.										
Construction Impacts										
2	The applicant shall post the name and phone number of the general contractor at the site entrance where it is visible to people passing by.	During Construction	Plng.							

3	All construction materials and equipment must be stored onsite. If occupancy of the street layout is required, such occupancy must be in conformance with the requirements of the Manual on Uniform Traffic Control Devices and the prior approval of the Traffic and Parking Department must be obtained.	During Construction	T&P	
4	For the convenience of and respect for the neighborhood, during the construction phase, construction work shall not begin prior to 7:30am and shall finish no later than 5pm Monday through Friday. There shall be no construction or construction-related work performed on weekends or holidays.	During Construction	ISD	
Design				
5	Applicant shall provide final material samples for siding, trim, windows, and doors to Planning Staff for review and approval prior to the issuance of a building permit.	BP	Plng.	
Site				
6	Landscaping shall be installed and maintained in compliance with the American Nurserymen's Association Standards;	Perpetual	Plng. / ISD	
Miscellaneous				
7	Electrical conduits on the exterior facades of buildings shall be painted to match the wall material to which they are attached. Conduits are not allowed on the front of any structure.	CO	Plng.	
8	Granting of the applied for use or alteration does not include the provision for short term rental uses, such as AirBnB, VRBO, or the like. Separate approvals are needed for the aforementioned uses.	Ongoing	ISD / Plng.	
9	The Applicant, its successors and/or assigns, shall be responsible for maintenance of both the building and all on-site amenities, including landscaping, fencing, lighting, parking areas and storm water systems, ensuring they are clean, well kept and in good and safe working order.	Cont.	ISD
