### **Questions & Answers**

**Q1: Where is the funding for this project from? Is there any extra available funding?**

**A: The funding for this project is from the MWRA Lead Loan Program. The City does not have access to additional MWRA funding beyond what it applied for during the first phase.**

**Q2: Why did the City re-bid the package without reducing the quantities?**

**A: The results from the first bid came in higher than the City's budget and what had been estimated as compared to the construction costs in comparable cities and towns. The City is hoping to generate more interest with the re-bid that produces results within our budget and closer to our estimate.**
