Addendum No. 1 to IFB 19-69

1. It appears part of the Medford St section (Somerville Ave to Cambridge Line) crosses under the rail road tracks – will we be required to get specific rail road insurance? Will the city provide any necessary Rail Road permits or necessary training?
No work is required within the rail road right-of-way. No work requires contact with the existing rail road bridge. No rail road permits, insurance or training is required.
2. This same section of Medford St that crosses under the tracks has a raised sidewalk with fence on both sides. Is this section of concrete to be removed and replaced? Should there be an additional item to capture this scope of work? It is not typical sidewalk excavation or concrete placing.
The concrete sidewalks between the existing retaining walls are standard concrete sidewalks are excluded from this contract.
3. Can you clarify the police detail line item? What amount are we instructed to carry with our bids?
Bidders are instructed to carry \$150,000 for the Police Detail. Please use \$150,000 as the amount in Line # 999. in the Unit Price Form.
4. The contract mix item 703 or 472 – do you want it to match existing driveway curb cuts or otherwise?
Use item 472 for patch work to match existing driveway grades at driveway curb cuts.
5. It's listed as a 6' sump in the catch basin detail. Can you clarify?
Provide 6' sumps in all catch basins as detailed.
6. Are we responsible for adjustments of casting – electrical, cable, and gas?
Contractor is responsible for the adjustment of private utility castings (electrical, cable, gas, etc.) If a private utility does not permit the contractor to adjust their castings, coordinate the adjustments to meet the paving schedule.
