Bike Path Retaining Wall and Drainage Upgrades

From: Michael Richards, Assistant Purchasing Director

Date: August 24th, 2017

Re: Clarify Items Included in Addendum No. 4

Addendum No. 5 to IFB 17-73

Please acknowledge receipt of this Addendum by signing below and including this form in your proposal package. Failure to do so may subject the proposer to disqualification.

Excerpts from the contract drawings included as Exhibit A of the Draft MBTA License 15797 (Attachment No. 1 to Addendum 4) are not included in the contract scope of work. These drawings, dated March 2017, are from the permitting drawing set originally provided to the MBTA for the license application in a draft form, for the purpose of coordinating the MBTA review and license before issuing the bid drawings. MBTA is aware of the changes to the contract drawings subsequent to this March 2017 permitting set and has approved these changes, but did not update their Exhibit A.

The bid documents originally issued, dated June 2017, in addition to the changes outlined in Addenda 1 and 4 which supersede the originally issued bid documents, are the only drawings included for bidding. Drawings dated March 2017 attached to the MBTA license do not replace the originally issued bid drawings. To further clarify, mill and overlay of the community path has not been removed from the work.
