Case #: ZBA 2018-127
Site: 36 Elm Street
Date of Decision: February 20, 2019
Decision: *Petition Approved with Conditions*
Date Filed with City Clerk: March 6, 2019

ZBA DECISION

Site: 36 Elm Street
Applicant / Owner Name: Highland Elm Street LLC
Applicant / Owner Address: 100 Winchester Street, Medford, MA 02155
Agent Name: Sean T. O'Donovan, Esq.
Agent Address: 741 Broadway, Somerville, MA 02144
Councilor: Mark Niedergang

Legal Notice: Applicant / Owner, Highland Elm Street LLC, seek a special permit under SZO §4.4.1 to alter a nonconforming structure by constructing an addition greater than 25% of the existing gross floor area (GFA), which will add two residential units to the site. A special permit under SZO §9.13 is also required for parking relief. RB Zone. Ward 5.

<u>Zoning District/Ward:</u>	RB Zone. Ward 5.
<u>Zoning Approval Sought:</u>	SZO §4.4.1 and §9.13
<u>Date of Application:</u>	September 19, 2018
<u>Date(s) of Public Hearing:</u>	1/9, 1/23, 2/6, 2/20
<u>Date of Decision:</u>	February 20, 2019
<u>Vote:</u>	4-0

Case # ZBA 2018-127 was opened before the Zoning Board of Appeals in the Council Chambers at Somerville City Hall. Notice of the Public Hearing was given to persons affected and was published and posted, all as required by M.G.L. c. 40A, sec. 11 and the Somerville Zoning Ordinance. On February 20, 2019 the Zoning Board of Appeals took a vote.

I. PROJECT DESCRIPTION

The proposal is to construct a rear addition onto the existing structure that will add two dwelling units to the site.

II. FINDINGS FOR SPECIAL PERMIT (SZO §4.4.1 and §9.13):

In order to grant a special permit, the SPGA must make certain findings and determinations as outlined in §5.1.4 of the SZO. This section of the report goes through §5.1.4 in detail.

1. Information Supplied:

The Board finds that the information provided by the Applicant conforms to the requirements of §5.1.2 of the SZO and allows for a comprehensive analysis of the project with respect to the required Special Permits.

2. Compliance with Standards: *The Applicant must comply "with such criteria or standards as may be set forth in this Ordinance which refer to the granting of the requested special permit."*

Article 4: Nonconforming Uses and Structures

The structure is currently nonconforming with respect to the dimensional requirements of lot area, front yard setback, and right side yard setback. None of the nonconforming dimensional requirements will be affected by the proposal.

Section 4.4.1 states that *"Alteration, reconstruction, extension or structural change to a nonconforming one- or two-family structure not affecting the nonconforming aspect of the one- or two-family structure and where the alteration, reconstruction, extension, or structural change will comply with all current dimensional requirements of the zoning ordinance, and provided any such alteration, reconstruction, extension or structural change does not increase the Gross Floor Area of the dwelling by more than twenty-five percent (25%)."*

The total increase in gross floor area (GFA) will be greater than 25%. The existing GFA is 3,204 s.f and the proposal is to add 4,551 s.f that will increase the GFA to 7,755 s.f, or 142% of the existing structure.

In considering a special permit under §4.4 of the SZO, the Board finds the alterations proposed would not be substantially more detrimental to the neighborhood than the existing structure. The proposal will allow for an addition that meets dimensional requirements. The proposal has been designed with setbacks that minimally impact the neighbors and the requirements for lot area per dwelling unit, ground coverage, landscaped area, pervious area, floor area ratio (FAR), building height, front yard, rear yard, and left side yard setbacks, and street frontage will continue to be conforming to the requirements of the SZO.

Article 9: Off-Street Parking and Loading

	<i>Existing</i>		<i>Proposed</i>	
Unit #1	3 BR	2 spaces	2 BR	1.5 spaces
Unit #2	--	--	2 BR	1.5 spaces
Unit #3	--	--	3 BR	2 spaces
Total	2 spaces		5 spaces	

The site currently provides only one parking space for the single family dwelling. Therefore, the site is nonconforming with respect to the number of required off-street parking spaces. For sites with a

nonconforming number of parking spaces, SZO 9.4.2 only requires a proposal to provide the number of required spaces for what is being added to the site. The proposal is to add two dwelling units, which will increase the number of required parking spaces to five. The proposal is to provide two additional spaces on the site rather than the three additional spaces required. SZO §9.13 allows for sites with nonconforming parking to apply for a Special Permit to modify parking requirements if the total number of spaces is six or fewer. Relief is being requested from providing the additional one required parking spaces.

In considering a special permit under §9.13 of the SZO “the SPGA may grant such a special permit only when consistent with the purposes set forth in Section 9.1, and upon reaching the findings and determinations set forth in Section 5.1.4”. The Board finds that granting the requested Special Permit is consistent with the purposes of SZO §9.1 and will not cause detriment to increased traffic volumes, traffic congestion of queuing of vehicles, changes in the type of traffic, change in traffic patterns and access to the site, reduction in on-street parking, or unsafe conflicts of motor vehicles and pedestrian traffic.

3. Consistency with Purposes: *The Applicant has to ensure that the project "is consistent with (1) the general purposes of this Ordinance as set forth in Article 1, and (2) the purposes, provisions, and specific objectives applicable to the requested special permit which may be set forth elsewhere in this Ordinance, such as, but not limited to, those purposes at the beginning of the various Articles."*

The proposal is consistent with the general purposes of the Ordinance as set forth under §1.2, which includes, but is not limited to promote the health, safety, and welfare of the inhabitants of the City of Somerville; to provide for and maintain the uniquely integrated structure of uses in the City; to lessen congestion in the streets; to protect health; to secure safety from fire, panic and other dangers; to avoid undue concentration of population; to conserve the value of land and buildings; to encourage the most appropriate use of land throughout the City; and to preserve and increase the amenities of the municipality.

The proposal is consistent with the purpose of the RB district, which is, “to establish and preserve medium density neighborhoods of one-, two- and three-family homes, free from other uses except those which are both compatible with and convenient to the residents of such districts.”

4. Site and Area Compatibility: *The Applicant has to ensure that the project "(i)s designed in a manner that is compatible with the characteristics of the built and unbuilt surrounding area, including land uses."*

Surrounding Neighborhood: The subject property is located on the southern side of Elm Street on the block between Mossland Street and Somerville Avenue. Nearby land uses include single, two-, three-, multi-family residences, and commercial uses such as real estate offices, a gas station, and a retail plaza.

Impacts of Proposal (Design and Compatibility): The proposal will maintain and restore the existing structure and construct an addition in the rear. Earlier editions of the plan included a more massive and taller addition in the rear. The latest proposal includes an addition that is the same height of the existing structure. The proposal will use the footprint of the small addition in the rear to serve as a bridge from the existing structure to the the new building mass in the rear where two townhouse style units will be constructed in the rear. This proposal helps maintain the character of the existing building and helps to visually break up the massing.

5. Housing Impact: Will not create adverse impacts on the stock of existing affordable housing.
6. SomerVision Plan: Complies with the applicable goals, policies and actions of the SomerVision plan, including the following, as appropriate: Preserve and enhance the character of Somerville’s neighborhoods.

<u>SomerVision Summary</u>	<u>Existing</u>	<u>Proposed</u>
<u>Dwelling Units:</u>	1	3

CLERK'S CERTIFICATE

Any appeal of this decision must be filed within twenty days after the date this notice is filed in the Office of the City Clerk, and must be filed in accordance with M.G.L. c. 40A, sec. 17 and SZO sec. 3.2.10.

In accordance with M.G.L. c. 40 A, sec. 11, no variance shall take effect until a copy of the decision bearing the certification of the City Clerk that twenty days have elapsed after the decision has been filed in the Office of the City Clerk and no appeal has been filed, or that if such appeal has been filed, that it has been dismissed or denied, is recorded in the Middlesex County Registry of Deeds and indexed in the grantor index under the name of the owner of record or is recorded and noted on the owner's certificate of title.

Also in accordance with M.G.L. c. 40 A, sec. 11, a special permit shall not take effect until a copy of the decision bearing the certification of the City Clerk that twenty days have elapsed after the decision has been filed in the Office of the City Clerk and either that no appeal has been filed or the appeal has been filed within such time, is recorded in the Middlesex County Registry of Deeds and indexed in the grantor index under the name of the owner of record or is recorded and noted on the owner's certificate of title. The person exercising rights under a duly appealed Special Permit does so at risk that a court will reverse the permit and that any construction performed under the permit may be ordered undone.

The owner or applicant shall pay the fee for recording or registering. Furthermore, a permit from the Division of Inspectional Services shall be required in order to proceed with any project favorably decided upon by this decision, and upon request, the Applicant shall present evidence to the Building Official that this decision is properly recorded.
