## Introduction

Welcome to the Continuum of Care (CoC) Application instructional guide. This instructional guide covers important information about accessing, completing, and submitting the CoC Application.

The CoC Application and the CoC Priority Listing are the two components of the CoC Consolidated Application. There is a separate instructional guide for the CoC Priority Listing on the CoC Program Competition: *e-snaps* Resources webpage at: <https://www.hudexchange.info/programs/e-snaps/guides/coc-program-competition-resources/#coc-program-competition--collaborative-applicants>.

Each component appears separately on the Collaborative Applicant's Submission screen in *e-snaps*, and each is submitted separately; however, **both** the CoC Application **AND** the CoC Priority Listing, which includes the Project Applications, must be submitted prior to the application deadline to successfully submit the entire CoC Consolidated Application.

## Objectives

By the end of this instructional guide, you will be able to do the following:

- Access *e-snaps*
- Complete the four sections of the CoC Application, which include:
  - CoC Structure and Governance
  - Data Collection and Quality
  - CoC Performance and Strategic Planning
  - Mainstream Benefits
- Submit the CoC Application

## Overview of this Instructional Guide

The organization of material in this instructional guide starts with how to access *e-snaps* and the CoC Application. The rest of this instructional guide corresponds with the four different parts of CoC Application; the instructional steps follow the progression of screens in *e-snaps*.

- **Accessing e-snaps.** All *e-snaps* users need usernames and passwords to log in to the *e-snaps* system. To view an organization's CoC Application, the *e-snaps* user needs to be associated as a "registrant" with the Collaborative Applicant organization's *e-snaps* account. This section identifies the steps to create user profiles and add/delete registrants.
- **Part 1: CoC Structure and Governance.** This section asks the CoC to verify information entered during CoC Registration, provide information regarding the CoC's local processes towards ending homelessness in its geographic area, and describe how the CoC coordinates with other entities serving homeless individuals and families in the community.
- **Part 2: Data Collection and Quality.** This section asks the CoC to provide information about the Homeless Management Information System (HMIS) in its geographic area. Additionally, CoCs will report on Housing Inventory Count (HIC) and Point-In-Time (PIT) Count information.

# CoC Application

- **Part 3: CoC Performance and Strategic Planning.** This section asks the CoC to provide information about the CoC's performance and plan for ending homelessness among veterans, households with children, and youth and ending chronic homelessness.
- **Part 4: Mainstream Benefits and Additional Policies.** This section asks the CoC to provide information such as mainstream benefits, low barrier projects, and adoption of Housing First principles.

## ***Tips for Completing the CoC Application: Knowing Which Fields to Complete***

All fields with an asterisk (\*) in the CoC Application must be completed to submit the application. All fields should be completed whether required or not.

- If the fields are not applicable to your particular CoC, then do one of the following:
  - Select the “not applicable” option, if there is a dropdown menu; or
  - Type in the words “not applicable,” if there is a blank text field.

There is a difference between completing the requirements necessary to advance through *e-snaps* and completing your CoC Application fully and correctly. While you may not be required to complete a particular field in *e-snaps*, this does not mean that the FY 2017 CoC Program Competition Notice of Funding Availability (NOFA) does not require an answer. Please thoroughly complete and answer all questions and fields in *e-snaps*.

**NOTE:**

*When copying and pasting text from MS Word into e-snaps, additional characters may be added to your text. To ensure additional characters are not counted by the system, e-snaps users should copy and paste text into e-snaps from Notepad, which will remove any unnecessary formatting from MS Word.*

*The FY 2017 CoC Application Detailed Instructions contain information that is necessary to fully complete the CoC Application questions and maximize scoring potential.*

## Highlights in e-snaps in FY 2017

There are several reminders regarding e-snaps this year.

- **Collaborative Applicants Designated as a Unified Funding Agency (UFA).** A Collaborative Applicant that requested UFA-designation during the CoC Registration period was notified as to whether it received UFA designation when the Collaborative Applicant reviewed and submitted the CoC Review. If the Collaborative Applicant received UFA designation, it must complete the same screens as all Collaborative Applicants.

This Collaborative Applicant is also eligible to complete and submit a UFA Costs project application. There is a separate UFA Costs instructional guide on the HUD Exchange under the CoC Program Competition Resources page at <https://www.hudexchange.info/programs/e-snaps/guides/coc-program-competition-resources/#coc-program-competition--project-applicants>.

- **Importing of Data.** If the Collaborative Applicant selected to import the previous year's data during the FY 2017 CoC Program Registration process, most, but not all, of the information has been prepopulated. Collaborative Applicants should carefully read all questions and any prepopulated responses to ensure they are accurate and update as necessary.

*There are numerous on the HUD Exchange.*

**Welcome to *E-snaps!*** *E-snaps* is the application and grants management system for the HUD Continuum of Care (CoC) Program. It supports the collaborative application process known as the CoC Program Competition.

The *E-snaps* system is to be used by authorized persons only. If you are an authorized user, please log in by entering a valid user name and password. If you have any difficulty with this process please contact the System Administrator. You may also use the Links on the left menu to navigate through the system, and access application forms and other related links. If you need assistance in navigating the system please access the Help instructions in each section.

If you are not yet an authorized user, and need access to this system on behalf of your Continuum of Care or as a project applicant, you may request a user name through the Registration process.

The information collection requirements contained in this application have been submitted to the Office of Management and Budget (OMB) for review under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520). This agency may not collect this information, and you are not required to complete this form, unless it displays a currently valid OMB control number.

Information is submitted in accordance with the regulatory authority contained in each program rule. The information will be used to rate applications, determine eligibility, and establish grant amounts.

Selection of applications for funding under the Continuum of Care Program are based on rating factors listed in the Notice of Fund Availability (NOFA), which is published each year to announce the Continuum of Care Program funding round. The information collected in the application form will only be collected for specific funding competitions.

**CoC Program Registration:** OMB Approval No. 2506-0182 (exp. 01/31/2018)

Public reporting burden for this collection is estimated to average 3 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of

**NOTE:** *Each e-snaps user must have his or her own log-in credentials. Preferably, each organization will have two people with access to e-snaps – the Primary Contact and one or more additional staff persons. When there is staff turnover, the CoC will need to ensure that the new person has access to e-snaps.*

## Completing the CoC Consolidated Application

HUD must have already approved your CoC Registration in *e-snaps* for you to access the CoC Application and CoC Priority Listing. As a reminder, the CoC Priority Listing will be discussed in a separate instructional guide.

If you have not received HUD's approval of your CoC Registration, you will not have access to the CoC Application or the CoC Priority Listing.

**The CoC Application and the CoC Priority Listing are separate submissions in e-snaps; therefore, Collaborative Applicants must ensure that both the CoC Application and the CoC Priority Listing (with all project applications either approved and ranked or rejected) are submitted in e-snaps prior to the application submission deadline.**

## **Submission Summary**

Once the required information has been entered and the required attachments have been uploaded, the Collaborative Applicant needs to select the "Submit" button on the Submission Summary screen.

The Submission Summary screen shows the CoC Application screens.

In the "Last Updated" column, the system will identify the following:

- A date, if the screen is complete
- "No Input Required," if there is no input required for submitting the application in *e-snaps*
- "Please Complete," if more information is needed for submitting the application in *e-snaps*

*e-snaps* users can go back to any screen by selecting on the screen name in the left menu. Remember to select "Save" after any changes.

**NOTE:**  
**No Input  
Required**

*The "No Input Required" status on the Submission Summary indicates that additional information for that screen is not required for the Collaborative Applicant to proceed to the next step in e-snaps. In the context of this instructional guide, the Collaborative Applicant may proceed to the next steps in the CoC Application process. HUD, however, may require you to address the particular item prior to the awarding of program funds.*

The "Submit" button is located at the bottom of the screen under the navigation buttons. The "Submit" button will be active if all parts of the CoC Application are complete (and have a date) or state "No Input required."

The following image shows the CoC Application "Submission Summary" screen with items that still need to be completed. Note that the "Submit" button is gray-shaded, and you cannot select it.

## Trouble-shooting when you cannot submit the CoC Application

Applicants may encounter issues when trying to submit the CoC Application. If the "Submit" button is gray (i.e., "grayed-out"), it is not active and you cannot select it. You will not be permitted to complete your form at this time. The "Submit" button will appear gray if information is missing on any of the required CoC Application forms or in the Applicant Profile.

The following image shows the CoC Application "Submission Summary" screen with items that still need to be completed. Note that the "Submit" button is gray-shaded, and you cannot select it.

The screenshot shows the 'Submission Summary' page in the e.Forms system. A red warning message at the top states: "Ensure that the Project Priority List is complete prior to submitting." Below this is a table with columns for 'Complete', 'Last Updated', and 'Mandatory'. The table lists various application components, some of which are marked with a red 'X' in the 'Complete' column, indicating they are not yet finished. A callout box points to the 'Last Updated' column with the text "Review 'Last Updated' column". Another callout box points to the red 'X' in the 'Complete' column for item '2A. HMIS Implementation' with the text "Review for red 'X'". At the bottom of the page, the 'Submit' button is grayed out, while 'Back', 'Next', 'Export to PDF', and 'Get PDF Viewer' buttons are active.
