

Mayor Joseph A Curtatone, Councilor Lance Davis as a member of the Building Committee, and City Staff invite you to attend a virtual community meeting for the

Public Safety Building Project

**Wednesday, October 27th
6:00 pm**

This meeting is to share the design progress for the development of the new public safety building at 90 Washington St. The project team will show the new realignment of New Washington Street, plans, & architectural renderings. The team will walk the community through the anticipated site preparation work which includes tree removal. This will be the first opportunity to provide input on the public space related to the project.

To register for the meeting, use this link:
