I.PROJECT DESCRIPTION

The proposal is to construct a four story mixed use building with ground floor retail space, five residential units, and six parking spaces in the rear.

II. FINDINGS FOR SPECIAL PERMIT (SZO §7.11.1.c and §9.13):

In order to grant a special permit, the SPGA must make certain findings and determinations as outlined in §5.1.4 of the SZO. This section of the report goes through §5.1.4 in detail.

1. Information Supplied:

The Board finds that the information provided by the Applicant conforms to the requirements of §5.1.2 of the SZO and allows for a comprehensive analysis of the project with respect to the required Special Permits.

2. Compliance with Standards: *The Applicant must comply "with such criteria or standards as may be set forth in this Ordinance which refer to the granting of the requested special permit."*

Article 7: Permitted Uses

SZO 7.11.1.c requires a Special Permit for the establishment of five residential units in the BA zoning district.

Article 9: Off-street Parking and Loading

	<i>Existing</i>	<i>Proposed</i>
Unit #1	-	3 BR 2 spaces
Unit #2	-	3 BR 2 spaces
Unit #3	-	3 BR 2 spaces
Unit #4	-	3 BR 2 spaces
Unit #5	-	2 BR 1.5 spaces
Retail	-	970 s.f 2.3 spaces
Total	0 spaces	12 spaces (rounded up from 11.8)

The proposal is to construct five dwelling units and 970 square feet of retail space which will require twelve parking spaces. The proposal will add six parking spaces in the rear of the site and six indoor bicycle parking spaces. SZO §9.13 allows for sites with nonconforming parking to apply for a Special Permit to modify parking requirements if the total number of spaces is six or fewer. Relief is being requested from providing the additional six required parking spaces.

In considering a special permit under §9.13 of the SZO “the SPGA may grant such a special permit only when consistent with the purposes set forth in Section 9.1, and upon reaching the findings and determinations set forth in Section 5.1.4”. Given the proximity to Green Line Station at Washington Street, the Board finds that granting the requested Special Permit is consistent with the purposes of SZO §9.1 and will not cause detriment to increased traffic volumes, traffic congestion of queuing of vehicles, changes in the type of traffic, change in traffic patterns and access to the site, reduction in on-street parking, or unsafe conflicts of motor vehicles and pedestrian traffic.

3. Consistency with Purposes: *The Applicant has to ensure that the project "is consistent with (1) the general purposes of this Ordinance as set forth in Article 1, and (2) the purposes, provisions, and specific objectives applicable to the requested special permit which may be set forth elsewhere in this Ordinance, such as, but not limited to, those purposes at the beginning of the various Articles."*

The proposal is consistent with the general purposes of the Ordinance as set forth under §1.2, which includes, but is not limited to promote the health, safety, and welfare of the inhabitants of the City of Somerville; to lessen congestion in the streets; to protect health; to secure safety from fire, panic and other dangers; to provide adequate light and air; to avoid undue concentration of population; to conserve the value of land and buildings; to encourage the most appropriate use of land throughout the City; and to preserve and increase the amenities of the municipality.

The proposal is consistent with the purpose of the BA district, which is, "to establish and preserve business areas bordering main thoroughfares that are attractive to a wide range of uses, including retail business and services, housing, government, professional and medical offices, and places of amusement. While it is anticipated that most users will arrive by motor vehicle, it is intended that the area should be safe for and conducive to pedestrian traffic."

4. Site and Area Compatibility: *The Applicant has to ensure that the project "(i)s designed in a manner that is compatible with the characteristics of the built and unbuilt surrounding area, including land uses."*

Surrounding Neighborhood: The subject property is located on the north side of Somerville Avenue at the intersection of Loring Street. This stretch of Somerville Avenue includes a wide range of building heights and styles. A similarly scaled building is located across Loring Street.

Impacts of Proposal (Design and Compatibility): The proposed four story building includes a typical storefront glazing system and sign band along the ground floor. Floors two and three include balconies for the residential units along the front, right side, and rear elevation. The top floor will be stepped back from edge of the building and include decks atop the third story. The proposed parking spaces will be on the ground level behind the first floor and underneath an overhang of the building. The Board finds that the proposed design is compatible with the characteristics of the built and unbuilt surrounding area.

5. Housing Impact: Will not create adverse impacts on the stock of existing affordable housing.

6. SomerVision Plan: Complies with the applicable goals, policies and actions of the SomerVision plan, including the following, as appropriate: Preserve and enhance the character of Somerville's neighborhoods.

<u>SomerVision Summary</u>	<u>Existing</u>	<u>Proposed</u>
<u>Dwelling Units:</u>	0	5
<u>Affordable Units:</u>	0	0
<u>Commercial Sq. Ft.:</u>	2,400 of auto repair	970
<u>Estimated Employment:</u>	0	Future tenant TBD
<u>Parking Spaces:</u>		6

CLERK'S CERTIFICATE

Any appeal of this decision must be filed within twenty days after the date this notice is filed in the Office of the City Clerk, and must be filed in accordance with M.G.L. c. 40A, sec. 17 and SZO sec. 3.2.10.

In accordance with M.G.L. c. 40 A, sec. 11, no variance shall take effect until a copy of the decision bearing the certification of the City Clerk that twenty days have elapsed after the decision has been filed in the Office of the City Clerk and no appeal has been filed, or that if such appeal has been filed, that it has been dismissed or denied, is recorded in the Middlesex County Registry of Deeds and indexed in the grantor index under the name of the owner of record or is recorded and noted on the owner's certificate of title.

Also in accordance with M.G.L. c. 40 A, sec. 11, a special permit shall not take effect until a copy of the decision bearing the certification of the City Clerk that twenty days have elapsed after the decision has been filed in the Office of the City Clerk and either that no appeal has been filed or the appeal has been filed within such time, is recorded in the Middlesex County Registry of Deeds and indexed in the grantor index under the name of the owner of record or is recorded and noted on the owner's certificate of title. The person exercising rights under a duly appealed Special Permit does so at risk that a court will reverse the permit and that any construction performed under the permit may be ordered undone.

The owner or applicant shall pay the fee for recording or registering. Furthermore, a permit from the Division of Inspectional Services shall be required in order to proceed with any project favorably decided upon by this decision, and upon request, the Applicant shall present evidence to the Building Official that this decision is properly recorded.
