Somerville believes it is important to highlight and support local minority and women-owned businesses, as it displays the beautiful mix of people and cultures that make Somerville such a vibrant city. Diversity is strength, and by supporting our diverse businesses, we are strengthening our community.

Somerville cares about supporting its businesses, as well as its immigrant and minority communities.

These are small business owners and entrepreneurs who have chosen to call Somerville home. This project allows us to showcase business run by people who have overcome historic barriers, and to help those businesses thrive.
